

Fun

in the

Green

House

**PURPLE HAZE:** Dazed and confused, we can't figure out what this flower

**SOCIAL GROUPING:** It's always nice when you're with others.

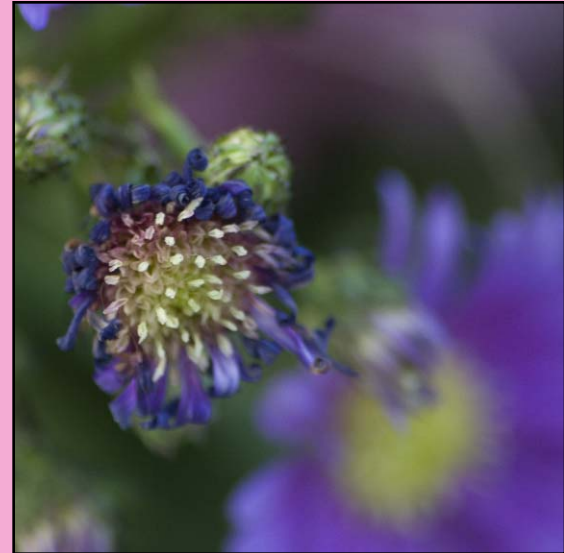

**BELL BOTTOMS:** They are the new “hip” thing to have.

**PURPLE:** Seems to be the repeating color in this project.

**WITHERED:** But beautiful.

**LEADER:** Of the pack.

**THE LIONS MOUTH:** Makes for a nice little fountain.

**STOP:** Freezing time can give quite the nice results.

**THE BEAUTY:** That lies within.

**CLOSED:** But beauty lies within.

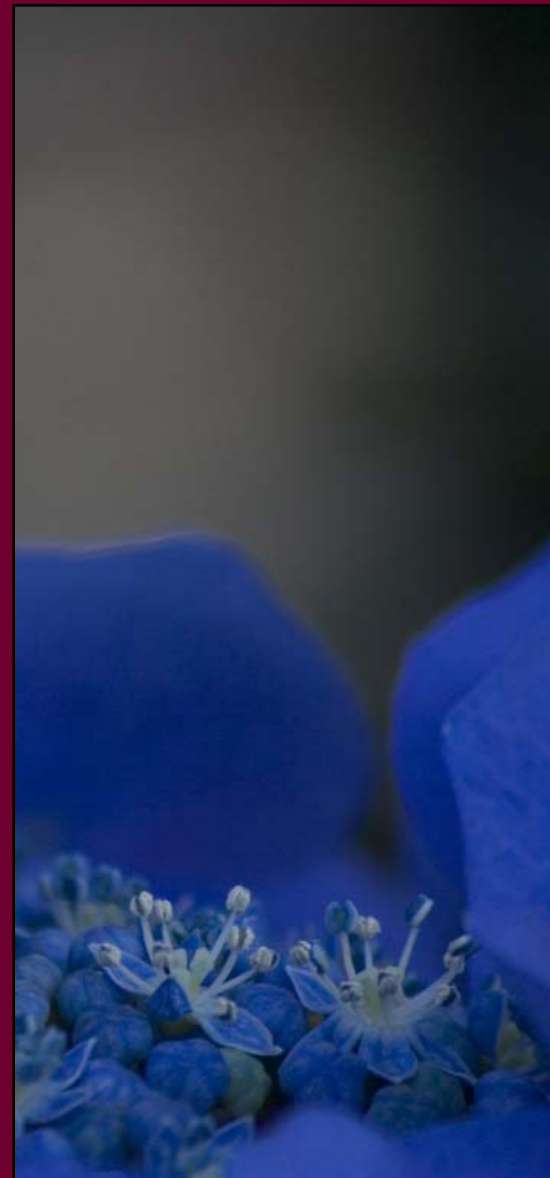

**MACRO:** Is one of my favorite types of photography.

**DIRECT:** Quite the interesting results using direct flash.

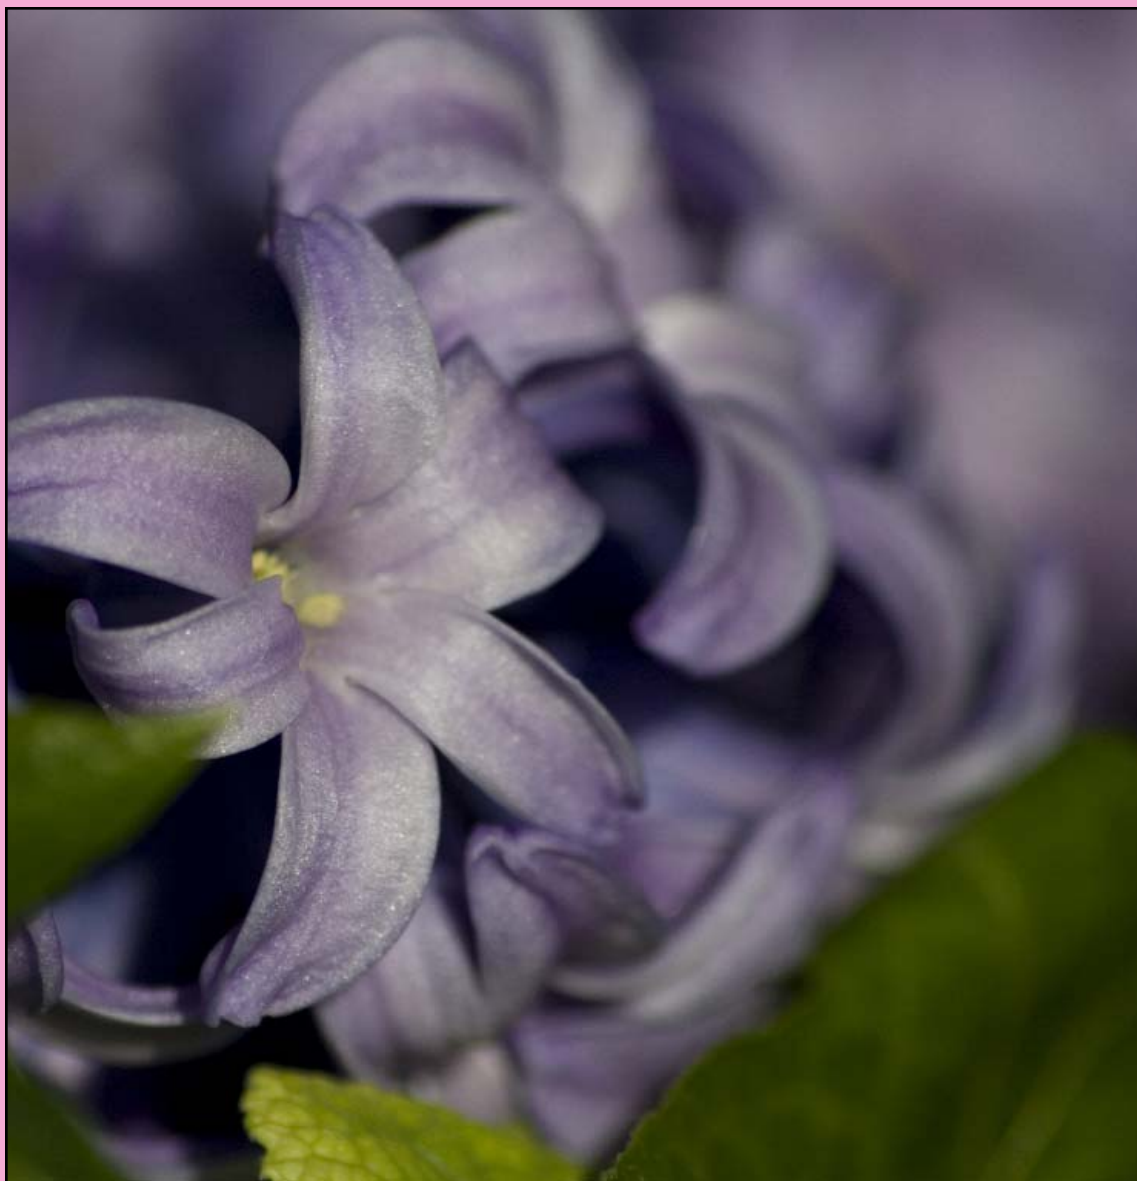

**THEY:** Make a great couple, no?

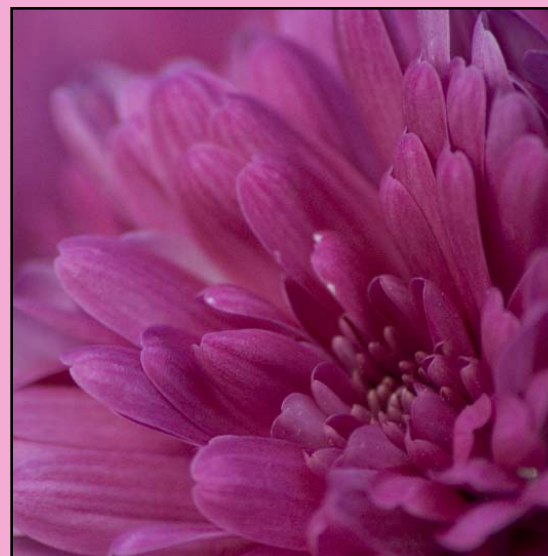

**BOUNCE:** And again, interesting results from bounce light directly from the top.

X

**ANOTHER PURPLE HAZE:** Quite the nice flower, but again, no insight on it's name.

**PINK:** How about a frame full of pink?

**DIFFERENT:** Surprisingly enough, this picture turned out incredible - macro love.

**LES BELLES SOEUR:** The bell sisters?

**BUT SOMETIMES:** it's nice to be alone.

**ALL IMAGES:** Were shot in the Algonquin College green house.
